

ACTION 5E**Ideas for Evening Activities****Outdoor Movie Theater**

At the public listening sessions, in the surveys by the Planning Commission, and in conversations with those in the community, more to do in the evenings was identified as one of the needs of the community. One idea was to open a movie theater. But there are movie theaters in Murray, Hopkinsville and Princeton. Thinking “outside the box”, an outdoor movie night was suggested.

OUTDOOR MOVIE NIGHT

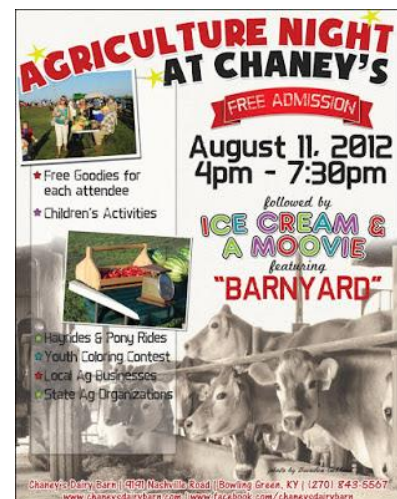

- Hosting an outdoor “movie night” in Trigg County could be a great evening activity. Below are examples of successful movie nights in other communities.

Movie night in Lawrence KS where they use a big screen to show movies outdoors and offer local concessions on site.

Ice Cream and a “Moovie” at Chaney’s Dairy Barn in Bowling Green is shown on side of building (above).

ACTION NEEDED:

Movie Night needs to happen in Trigg County. Using a mobile screen unit and sound system, the event could be held in different locations throughout the community including, but not limited to, Cadiz River Park aka Cadiz West Park, at Lake Barkley State Park, or beside the Senior Citizen Center.

See APPENDIX J for quotes for three different size outdoor movie screen venues. For more information, visit their website at outdoor-movies.com

Please Note: *In further conversations with those in the community, a large outdoor movie screen has been used for special events at Lake Barkley State Resort Park but few knew of its existence and even fewer knew that a movie night had even happened. One may want to check to see if their unit might work, see if the equipment may be borrowed and a movie shown in Downtown Cadiz.*
