

## APPENDIX L

### Cellphone Audio Tour System

As noted in Action 8A, it is recommended that a Cellphone-based historic tour system be established in Trigg County. To this end, members of the Trigg County Historical Society and others in the community are compiling information on many of the historic buildings throughout the county.

#### **ACTION TO TAKE IMMEDIATELY:**

**Spatial Adventure has offered a trial program for interested organizations and has provided a user name, password and temporary phone number that will enable one to build a trial cell phone walking tour. For further assistance in implementation, contact Michael Giniger, [mginiger@spatialadventure.com](mailto:mginiger@spatialadventure.com) (978)448-0056 or (978)760-1128.**

Also included in this Appendix is information on a few historic sites Trigg County may wish to include on the tour along with detailed information about each one.

Please Note: If a “smart phone” is used, it is possible to have photos come up on one’s phone along with the verbal narration. This is through an app program that can easily be downloaded to one’s phone. Spatial Adventures can provide information on this as well. *Visit the website <http://spatialadventures.com/> for more on this.*

## POTENTIAL HISTORIC TOURS

On the following pages are photos of historic structures within Trigg County that could be included on a historic walking/driving tour. ***ACTION TAKEN: Members of the Trigg County Historical Society as well as a few longtime residents in a number of communities are compiling information on each of the structures.***

The historic tours include:

- APPENDIX L-1: Downtown Cadiz Historic Sites
- APPENDIX L-2: Cerulean Historic Sites
- APPENDIX L-3: Wallonia Historic Sites
- APPENDIX L-4: Canton Historic Sites
- APPENDIX L-5: Montgomery Historic Sites
- APPENDIX L-6: Historic/Transportation Museum
