

## CHAPTER VI: UNIQUE FEATURES Monuments & Memorials

### CHAPTER VI: UNIQUE FEATURES Monuments & Memorials to Miners

One unique feature of the Virginia Coal Heritage Trail is the sheer number of memorials, monuments and parks dedicated to the coal miner travelers will see along the route. The memorials below are located in the communities of Clinchco, Dante, Appalachia, Big Stone Gap, Derby, Richlands, and Grundy.

Interesting side note: The back of the Richlands welcome sign (below) is made of coal.
